Profile

I am a diligent, hard-working software developer knowledgeable in various web technologies, a true team player that is eager to learn and adapt to different situations and seeking the opportunity to provide outstanding solutions to people in a collaborative environment.

Work Experience

Software Developer Intern (March, 2022 - August, 2022)

Kreateng Africa - Lagos, Nigeria

- I was responsible for designing, developing and maintaining web applications.
- I used server-side technologies like Node.js and PHP to handle data storage, processing, and integration with databases,
- I gained experience in working with frameworks like Laravel, and NextJs to build scalable and efficient applications.
- I checked software for errors and coded updates to fix problems.
- I collaborated with other developers to identify and alleviate software bugs.
- I provided detailed progress reports and milestone updates to key stakeholders, maintaining project momentum.

Education

Covenant University (September, 2019 - August, 2023)

Ota, Nigeria

- Awarded certification from Cisco Networking Academy® Cybersecurity Essentials course
- Member of NACOSS
- Elected captain of football team

Skills

- React, Next.js
- Typescript, Javascript
- Git/Version Control
- Tailwind CSS, Bootstrap
